## **More speed more respect**

Many peoples are dieing through the over speed but Lots of young people feel proud themselves when they start to drive fast in between of crowd . This article for those people who loves over speed . Over speed is passion for them . People love to drive on highway in more than 150 Km/h in Ferari or expensive car . Somebody use to drive in expensive bike also . Last time I saw a cyclist also cycling in over speed . I got surprised and makes me too much laugh.

Most of young people have lots of courage . They start drifting in slippery road when rain start . I have saw most of teenagers and young people love to over speed when there is slippery road or lots of water in road . Teenager feel proud themselves when they get success on first drifting . But I get happy when I learn cycle . :p Why they are thinking this is the best way to get attention from people. Last time a dog also watching a car driver drifting from the side of road .

Another reason is beautiful girl .If they have their girlfriend together , They start to drive in over speed . They think , “They will get more respect from their girlfriend if they get success on drifting . Who don’t have girlfriend they also love to drive in over speed when a beautiful girl is crossing the way . I have seen many times lots of

cars driver give way to beautiful by stopping car. If a ugly man is trying to cross a road from long time but car drivers will give him way to cross road. Even a motorcycle driver also don't give way to that guy but if there is a beautiful girl with beautiful dress, Most of the drivers will give her a way . Its makes me lots of laugh .

The another reason is respect . People have illusion if they drive in speed they will get more respect . People start to peep the most over speed vehicles . I have seen most of drivers who is stopping their car in front of red signal ; They will watch them at least once . Some of people start to make video if somebody start to drifting . Somebody start to peep and laugh ; If you see them its looks great respect on their face . Somebody have don't have any concentration . They behave like they are seeing anything. They try to ignore and stop to give the attention . I think this is a ego . They are also hunger of respect in my opinion . Then they start to playing candy crush or start to watch movie in tablet . I have great respect to those people .

Reduce stress also another reason . If somebody get broke up in relationship or they get unsucccess somewhere . They get frustration . They seek they way to reduce their frustration . Last time a man get termination from his job then he drive too much fast and hit the light pole and reduce his stress . A girl didn't get money from his papa her climb up the gutter . Its reduce her anger and stress. Mr. Richard lost

his valuable things . He hit another car due to over speed and its reduce his reduce. According to the these people , it's a great solution to overcome from stress. But I don't want to use this idea to reduce the stress.

I want to suggest to all those people who thinks more speed gives more respect ; Please stop this . It can be cause of your death . Many peoples are dieing day by day due to over speed. If you want to be racers than go to the race competition. Its giving torture to passengers and others drivers also . Why you press too much horn to get attention. It's a wrong way to get attention of others people. There are lots of way to get attention . “Oh ! I am serious” .

## **Funny interview with chairmain of “National Doggy party”**

**N**owadays there are lots of political parties are opening in all over the world due to globalization . Many people are opening political parties . I think you will get amazed when you will listen animal are also opening political party . We also get amazed when we listened about it first time . So we have listened that Dogs are also opening their own political party for their right. We search them all over the day and finally we met the chairperson of Dogs political party . We are going to talk with one of famous political leader so lets begin .

.....

.....

**Me:- Welcome to our conversation sir**

Dog leader : Thank you so much (with smile) .

**Me:- Can you give your introduction to all our reader ??**

Dog Leader: hello hi , Its me puppy chairperson of the **“National Doggy political party ”** and I am running a political party with a great vision .

**Me :- What is the purpose of your “National Doggy party”??**

Dog leader:- I want to tell you a truth . There are lots of dogs around 5 lakh on this city and the counting report of street dog is coming

soon . I think there is more than 2 lakh dog on the street . They are homeless . So there are lots of discrimination happening from human being to us . So we discuss with other friend also so we decided to open a “**National Doggy party**” . The main goal of this party is to submit the right of all dogs in the constitution and achieve the similarity between human and Dog .

**Me : So you mean ,Human beings are doing discrimination with all the dogs??**

Dog leader(doogy):- Obviously (with angry face) Human being are doing such a harassment with us . Sometime they will treat us badly . Sometime they will give us order to stand up with two legs . How can we stand up with two legs?? We are dogs not a human. God give us this life with four legs and the human being is treating us as a slave . Sometime they will not give us food on time . When they are enjoying and eating with their families , we need to peep from the door . We cannot sleep as we want . We need to sleep in our small wood house. This is such a disgusting . Humans are sleeping in very tidy , clean and standard room but we need to stay always outside of their house for their security . If somebody came in night we need to bark . If we didn't bark we will not get food tomorrow . They will not give us the fresh food also . We love to eat bones but they will give us only one or sometime they give only half with rice. This kinds of discrimination is happening with us. We will raise our voice through our “National Doggy party” . We will doing strike soon.

**Me:- But street dogs are living with freedom , right??**

Dog leader :- How can you say that street dogs are living with freedom?? Some of the street homeless children always come to sleep with our friends in the night after drinking wine. Some of our friend need to vomit by that alchohal smell . Some naughty guys always throw stone on our street friends . Human are disturbing to our when friends when they are doing reproductive process . Its really not fair. We will raise our voice .

**Me:- But the sex shouldn't be in the public place right?? Sometime your street friends start sex when people are walking through the road. Its illegal right??**

**Dog leader :-** (laughs ) listen brother carefully . Sex is universal thing . It's a gift from god. We know that some of human being are also stealing our posture and using in pornographic content but we don't want to talk about that. It's a universal thing which given the all creature as a gift by god . So we cannot hide from god anywhere . Gods are following you so our friends are doing this thing on the public. We cannot ignore the god. So we don't want to hide anything . Sometime when our friends are having fun in that time some of humans start to poke our friends with the stick . This is really

annoying .

**Me :- So you will raise your voice about this also in front of house ??**

**Dog leader:-** obviously ! This kinds of discrimination shouldn't be happen with us. We are also creature of god . All the creatures of this planets have similar right . So we all party member going to talk in the parliament house soon .

**Me:- So how many members you have in you party??**

**Dog leader :** Before also I told you , There is more that 5 lakh dogs in this town instead of street dog friends . We are counting street friends population also . Its increasing day by day . They all are our party member . We will add more member from the every part of the country . Hoping that many dogs friends will be also join our party after reading this book .

**Me:- So What will be the Election sign of your “National Doggy party”**

**Dog leader :-** We are discussing about our election stamp and sign . Hoping that we will decide soon But most of the our party members are suggesting to keep “Chicken leg and a piece of bone ” as our party Election stamp .

**Me :- In the last What do you want to tell to us all the our readers ??**

**Dog leader:-** Dear readers , I want to request to all of you to promote this book and make viral . Hoping you all guys will support to us by sharing this post . We are registering our party soon in election headoffice. If you share this post we will give you free membership in our party . God will give you more blessing if you help to achieve our goals .
